

In this climate of fear

**THERE IS REASON TO
HAVE HOPE
AGAIN**

Extraordinary Help is here...

In response to our economic, political and environmental crises, Maitreya, the World Teacher has returned as head of a group of incorruptible, compassionate, advanced teachers.

They are here to:

- guide and inspire us to reverse the damage we have done to our planet
- help us set a new course for our future, creating out of the current chaos a world of justice and peace, sharing and brotherhood
