

# What in the World is Happening

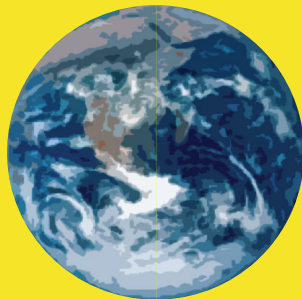

- ~ With extremist violence
- ~ With alarming climate change
- ~ And profits before people

**At the same time, a hopeful  
movement grows:**

- ~ Muck is being exposed to light
- ~ People are waking up demanding  
justice, peace and a livable planet

What is inspiring this new energy?

The Heart of Humanity itself,  
embodied by Maitreya the  
World Teacher, and the Masters  
of Wisdom.
